Program Introduction:

Bachelors in Technology (B.Tech) is a prestigious and technical engineering degree programme offered to undergraduate applicants after 3 and half years of intensive research and practical experience in the field. B.Tech is a Under graduate degree that builds skill and knowledge in advanced and current topics of their trades with a focus on different types of specialization. The degree is suitable for students with a bachelor's degree in a engineering field as well as students who want to increase their expertise in addition to a degree in another field.

Programme Features:

1. B.Tech. is a Work Integrated Learning Program (WILP), recognized by UGC.
2. The program is of four semesters, with online classes conducted on weekends or after business hours.
3. Contact-less and safe Online exams facility.
4. Lectures are delivered by faculty members and experienced industry professionals.
5. The Dissertation in the final semester enables students to apply concepts and techniques learnt during course work to solve current environmental problems.

Eligibility:

1. Working Professionals with Diploma in Engineering having minimum 45% marks or its equivalent.

Trusted by Corporate Professionals:

Learning Methodology:

Live & Recorded Lectures with cutting-edge tutorials.

Interact and Collaborate with Peers and Faculty

Online Mentoring

Use of Multimedia and Open Educational Resources

'Flipped' Classrooms

E-portfolio & Peer Assessment

Work Integrated Advantage

Experiential Learning

Academic & Industry Mentorship

Continuous Assessment

Dissertation/Project Work

These are Work Integrated Learning Programme (WILP), recognized by UGC
