**BBA Job Opportunities :**

Not only in India, but BCA jobs abroad offer lucrative salary packages and a chance to work abroad. Countries like Japan, Nigeria, the USA, UK have multiple BCA jobs as Java Developer, Technical Architect, and Systems Engineer. Google, Microsoft, IBM, TCS, and HCL are the top recruiters of BCA graduates in India. They offer BCA jobs with a salary package of INR 4-10 LPA.

**Program Introduction:**

Bachelor of Computer Application is a 3 year undergraduate course that imparts knowledge on the basics of computer application and software development. BCA subjects includes database management systems, software engineering, operating systems, web technology, and computer languages such as HTML, C, C++, and JAVA. BCA is mostly a software-oriented course, with no or little stress on the hardware. Thus it demands no physical effort and allows you to have a stress-free work environment.

**Programme Features:**

1. Courses are mapped with emerging opportunities in the corporate world.
2. The programme is of Six semesters, with online classes conducted on weekends or after business hours.
3. Contact-less and safe Online exams facility.
4. Lectures are delivered by faculty members and experienced industry professionals.
5. The Dissertation in the final semester enables students to apply concepts and techniques learnt during course work to solve current environmental problems.

**Eligibility:**

1. 10+2 with PCM having minimum 45% marks or its equivalent.

**Trusted by Corporate Professionals:**
